

# SYLLABUS Academic year 2024-2025

## 1. Information regarding the program

1.1. Higher education institution	Babeş-Bolyai University
1.2. Faculty	Faculty of Business
1.3. Department	Hospitality Services
1.4. Field of study	Business Administration
1.5. Study cycle	Bachelor
1.6. Study program/Qualification	Business Administration (English)

## 2. Information regarding the course

2.1. Name of the co	2.1. Name of the course General Management/Management general						
2.2. Code		ILE0003	ILE0003				
2.3. Course coordinator Lect. Elisabeta Butoi, PhD							
2.4. Seminar coordinator				Lect. Elisabeta But	toi, P	hD	
2.5. Year of study	1	2.6. Semester	1	2.7. Type of evaluation	Е	2.8. Type of course	compulsory

## 3. Total estimated time (hours/semester of didactic activities)

3.1. Hours per week	4	of which: 3.2. lecture	2	3.3 seminar/laboratory	2		
3.4. Total hours in the curriculum	56	of which: 3.5. lecture	28	3.6. seminar/laboratory	28		
Time allotment:	Time allotment:						
Learning using manual, course supp	port, b	bibliography, course note	es		28		
Additional documentation (in librar	ries, or	n electronic platforms, f	ield do	ocumentation)	28		
Preparation for seminars/labs, homework, papers, portfolios and essays							
Tutorship							
Evaluations							
Other activities:							
3.7. Total individual study hours							
3.8. Total hours per semester							
3.9. Number of ECTS credits							

#### 4. Prerequisites (if necessary)

4.1. curriculum	-
4.2. competencies	-

# 5. Conditions (if necessary)

5.1. for the course	Mobile phones should be shut down during lectures.
5.2. for the seminar /lab activities	Mobile phones should be shut down during seminars.

## 6. Specific competencies acquired.

Professional competencies	<ul> <li>C1.1 Description of economic paradigms, concepts and theories regarding the influence of the external environment on the enterprise/organization</li> <li>C2.2. Explaining and interpreting the relationships between the entities of the enterprise/organization</li> </ul>
Transversal	<ul> <li>CT1. Implementing ethical principles, norms, and values within one's own rigorous,</li></ul>
competencies	efficient, and responsible strategy of work.

# 7. Objectives of the course (outcome of the acquired competencies)

7.1. General objective of the course	The General Management course aims at communicating the tools for the basic comprehension of the formal profit and non-profit, small, medium and large organizations, as well as also the understanding of their management. Because the management process is based on a set of functions that enable the fulfilment of this process at the level of the organization, this course analyzes the 4 key functions of management: planning, organizing, motivating and
7.2. Specific objective of the course	controlling. In order to achieve a proper implementation of these functions, it is also necessary that the manager takes decisions. The course focuses, in this respect, on the identification, modelling and classification of decisions, together with the highlighting of the fundamental principles of decision-making processes.

#### 8. Content

8.1.	Course	Teaching Method	Remarks			
1	Management process definition,	Lectures, video analysis,	Course subjects, evaluation			
	components, managerial work	short interactive exercises,	methods, deadlines, and			
		demonstrations	performance standard			
2	Knowledge and managerial skills,	Lectures, video analysis,	Course subjects, evaluation			
	managerial labor differentiation,	short interactive exercises,	methods, deadlines, and			
	hierarchical levels	demonstrations	performance standard			
3	Mega environment, analysis of the	Lectures, video analysis,	Course subjects, evaluation			
	major trends for business	short interactive exercises,	methods, deadlines, and			
	development	demonstrations	performance standard			

4	Spacific any	ironmont analysis and	Lasturas video enclusio	Course subjects evaluation		
4	-	ironment, analysis and	Lectures, video analysis,	Course subjects, evaluation		
	management of environmental conditions.		short interactive exercises,	methods, deadlines, and		
~			demonstrations	performance standard		
5	Defining the planning stages of the		Lectures, video analysis,	Course subjects, evaluation		
	planning process		short interactive exercises,	methods, deadlines, and		
	~		demonstrations	performance standard		
6		e planning process,	Lectures, video analysis,	Course subjects, evaluation		
	planning tools and techniques		short interactive exercises,	methods, deadlines, and		
			demonstrations	performance standard		
7	-	ntrol and its necessity in	Lectures, video analysis,	Course subjects, evaluation		
	-	s; Types of control in	short interactive exercises,	methods, deadlines, and		
	organization		demonstrations	performance standard		
8		rocess control	Lectures, video analysis,	Course subjects, evaluation		
	-	; Systems and	short interactive exercises,	methods, deadlines, and		
	organization	al control instruments	demonstrations	performance standard		
9	Organizatior	nal function	Lectures, video analysis,	Course subjects, evaluation		
			short interactive exercises,	methods, deadlines, and		
			demonstrations	performance standard		
10		rganizational structures;	Lectures, video analysis,	Course subjects, evaluation		
	Functions of	an organization	short interactive exercises,	methods, deadlines, and		
			demonstrations	performance standard		
11	Type of organizational structures and		Lectures, video analysis,	Course subjects, evaluation		
	departmentalization.		short interactive exercises,	methods, deadlines, and		
			demonstrations	performance standard		
12	2 Definition and importance of		Lectures, video analysis,	Course subjects, evaluation		
	motivation;	Motivational theories	short interactive exercises,	methods, deadlines, and		
			demonstrations	performance standard		
13	Modern mot	ivational theories	Lectures, video analysis,	Course subjects, evaluation		
			short interactive exercises,	methods, deadlines, and		
			demonstrations	performance standard		
14	Reviewing the	he concepts, methods,	Lectures, video analysis,	Course subjects, evaluation		
	and tools	1	short interactive exercises,	methods, deadlines, and		
			demonstrations	performance standard

8.2.	Seminar/laboratory	Teaching Method	Remarks
1	Overview	Discussions	
2	Introductory aspects: decision-making	short interactive exercises,	
		demonstrations,	
3	Breakeven analysis, critical point, point of	short interactive exercises,	
	interference	demonstrations	
4	Breakeven analysis, critical point, point of	short interactive exercises,	
	interference	demonstrations	
5	Breakeven analysis, critical point, point of	short interactive exercises,	
	interference	demonstrations,	
	Case Study	critical analysis	
6	Decisions under conditions of risk, mono-	short interactive exercises,	
	criteria matrix analysis (pay-off table):	demonstrations	
	Calculation of expectation, cost calculation		
	perfect information;		
7	Decisions under conditions of risk, mono-	short interactive exercises,	
	criteria matrix analysis (pay-off table): Analysis	demonstrations	
	regrets;		
8	Decisions under conditions of risk	short interactive exercises,	
	Case Study	demonstrations, critical	
		analysis	
9	Methods and systems management: Critical	short interactive exercises,	
	Path Method, PERT - present rules and build	demonstrations	
	networks		
10	Methods and systems management: Critical	short interactive exercises,	
	Path Method, PERT - network analysis, based	demonstrations	
	on networks built during the previous seminar		
11	Methods and systems management: Critical	short interactive exercises,	
	Path Method, PERT - network analysis, based	demonstrations	
	on networks built during the previous seminar		
12	Methods and systems management: Critical	short interactive exercises,	
	Path Method, PERT - Gantt charts and crashing	demonstrations	
	Times and Costs		
13	Methods and systems management: Critical	Discussions, short interactive	
	Path Method, PERT - Gantt charts and crashing	exercises, demonstrations,	
	Times and Costs	critical analysis	
	Case Study		
14	Team Case Study	Case-study based evaluation	
Bib	liography See the course bibliography		

- 9. Corroborating the content of the course with the expectations of the epistemic community, professional associations, and representative employers within the field of the program
  - The course and seminar contents are in accordance with the contents of similar courses from correspondent national and international faculties.
- Also, several meetings were held with leaders from the business environment in order to match the curricula with the labour market requests.

#### 10. Evaluation

\*The evaluation method is also maintained for the exam in the re-examination session.

\*In order to calculate the final grade by summing up the points obtained during the semester, it is necessary to obtain at least 50% of the score related to the Theoretical Written Exam.

Type of activity	10.1 Evaluation criteria	10.2 Evaluation method	10.3 Quota in the final grade (%)			
10.4 Course	<ul> <li>Logical and coherent use of the concepts</li> <li>Competence in analysing a case study trough the lenses of various theories</li> </ul>	Theoretical Written Exam (multiple choice quiz)	60%			
10.5 Seminar/ lab activities	<ul> <li>Understand the methods and tools applied in the decision-making process.</li> <li>Make connections with organizational practice</li> </ul>	Applications Test at the end of semester (week 14 <sup>th</sup> - last lecture)	20%			
	<ul> <li>Read the recommended materials.</li> <li>Involvement in seminar exercises</li> <li>Useful and polite feedback for colleagues and teacher.</li> </ul>	3 Homeworks during the semester (week 5 <sup>th</sup> , 8 <sup>th</sup> and 13 <sup>th</sup> - quiz - the answers are valid only if the solution is enclosed) and 1 Case Study (3 persons team - week 14 <sup>th</sup> )	20%			
Bonus points	Make connections between theoretical concepts, case studies and problem solving	Involvement during lectures and seminars, and responses to bonus activities	Bonus (up to 15%)			
REMARKS*The Theoretical Written Exam is multiple choice test with one correct answer. *During the applications test students must have a computer to perform calculations, mobile phones or smart watches are not allowed to be used.						
10.6. Minimum performance standard         • Understand the main concepts associated to the managerial process.						

• Identify simple examples for business strategies.
